

STRUCTURAL BASIS OF MEDICAL PRACTICE
BLOCK EXAM #4
PRACTICE

1. thoracodorsal nerve
2. lower subscapular nerve
3. upper subscapular nerve
4. axillary nerve
5. radial nerve
6. posterior cord
7. spinal nerve
8. dorsal ramus of spinal nerve
9. supraspinous ligament
10. ileocostalis
11. seratus posterior superior
12. seratus anterior
13. transverse cervicle artery
14. spinal accessory nerve
15. dorsal scapular artery
16. levator scapulae
17. seratus anterior
18. musculocutaneous nerve
19. coracobrachialis
20. lateral root of median nerve
21. medial root of median nerve
22. ulnar nerve
23. median nerve
24. superior thoracic artery
25. pectoral branch of the thoracoacromial artery
26. pectoralis minor
27. 1st part (segment) of the axillary artery
28. anterior humeral circumflex artery
29. posterior humeral circumflex artery
30. subscapular artery
31. thoracodorsal artery
32. Circumflex scapular artery
33. nuchal ligament
34. occipital artery
35. greater occipital nerve (dorsal ramus of C2)
36. suboccipital nerve (dorsal ramus of C1)
37. lateral cord
38. lateral pectoral nerve
39. musculocutaneous nerve
40. medial cord
41. medial pectoral nerve
42. ulnar nerve
43. medial root of median nerve
44. lateral root of median nerve
45. Circumflex scapular artery
46. Suprascapular artery
47. transverse cervicle artery
48. dorsal scapular artery
49. _____
50. _____
