

Foregut, Midgut, Hindgut: Anastomoses, Lymphatic Divides, Autonomic Divides

- Foregut
 - Start:
 - End:
 - Artery:
 - Central nodes:
 - Autonomic plexus:
 - Sympathetic preganglionic cell body location:
 - Sympathetic postganglionic cell body location:
 - Extent of neural drive for stasis:
 - Extent of neural drive for peristalsis:
 - Lymphatic divide
 - Referred pain
- Midgut
 - Start:
 - End:
 - Artery:
 - Central nodes:
 - Autonomic plexus:
 - Sympathetic preganglionic cell body location:
 - Sympathetic postganglionic cell body location:
 - Extent of neural drive for stasis:
 - Extent of neural drive for peristalsis:
 - Lymphatic divide
 - Referred pain
- Hindgut
 - Start:
 - End:
 - Artery:
 - Central nodes:
 - Autonomic plexus:
 - Sympathetic preganglionic cell body location:
 - Sympathetic postganglionic cell body location:
 - Extent of neural drive for stasis:
 - Extent of neural drive for peristalsis:
 - Lymphatic divide
 - Referred pain
